WEEKLY CIRCULAR SENIOR

6th DECEMBER 2024
(CIR/PS/136/2024-25)

INTACH POSTER MAKING COMPETITION: CELEBRATING INDIA'S INTANGIBLE HERITAGE

6 December 2024. Pragyan school recently participated in The Indian National Trust for Art and Cultural Heritage (INTACH) that has organized an all-India poster making competition, "Celebrating India," aimed at engaging school students and fostering a deep appreciation for India's rich intangible cultural heritage. The competition invited students from classes 7 to 9 to showcase their creativity by depicting a unique aspect of their region's intangible heritage, such as local festivals, traditions, rituals, social practices, or customs.

The competition witnessed overwhelming participation from schools across India. Students enthusiastically embraced the opportunity to explore and celebrate their cultural roots. The posters submitted by the young artists were a testament to their talent, imagination, and understanding of India's diverse heritage.

DISTRICT LEVEL SCIENCE EXHIBITION

On 6th December, a science exhibition was organized by the state government of Uttar Pradesh, showcasing innovative projects created by students from different schools. The event was a huge success, attracting a large number of visitors, including parents, teachers, and science enthusiasts. The exhibition featured a wide range of projects, covering various aspects of science and technology. Students of Pragyan school also presented their projects in the exhibition. Some of the notable projects included from various fields like: Renewable Energy Systems, Robotics, Environmental Conservation and Medical Innovations.

ROBO QUEST 2024

Robo Quest 2024 was organized by IIT Delhi and sponsored by ABL Education as part of the Kreativity League 2024. The Delhi-NCR zone competition was held on 6th December 2024 at Vivekanand School, Anand Vihar, Delhi. The event saw participation from over 60 teams across the NCR region. Our school was represented by 8 teams, all of whom showcased remarkable skill and creativity in designing and controlling wireless robots to perform strategic tasks. INDRON's qualification for the Grand Finale stands as a proud achievement for our school and a reflection of the students' hard work and determination. This prestigious milestone highlights the talent, innovation, and dedication of our students, who excelled in this competitive event. We congratulate the following team members for reaching the final round.

Team INDRON Members: - Arnav Singh (VII C), Daarshik (VII C) and Naman Bansal (VII C)

ECOLOGY CLUB TIP

The Problem

**Average person wastes
up to 30 gallons of water
every day for baths and
showers**

The Solution

**Take shorter showers, fix
leaks and use greywater
for flushing**

HEALTH AND WELLNESS TIP

Healthy Lifestyle Tips

6 BENEFITS OF SUNLIGHT

@MAXLUGAVERE

1. Helps your skin produce vitamin D for longevity, bone, immune, and brain health
2. Anchors your body's internal clock which regulates healthy appetite and metabolism
3. Improves sleep quality by promoting optimal melatonin (sleep hormone) secretion at night
4. Reduces stress and boosts mood and cognitive function with no negative side effects
5. Promotes healthy eye function and aging (in children, too)
6. May improve libido and balance sex hormones (rawr!)
