“Time spent in reading is the best time spent” students of class 1 were guided reading through sound during their English class. Kids were introduced to difficult words of the chapter - “Rani’s first day to school” earlier in the week and after regular practice of the same students were encouraged to read the chapter from their coursebook. Later the chapter was explained by the teacher along with the video presentation.

# ENVIRONMENTAL SCIENCE

Every person is a part of a family and a family is made up of the people who live in the same house as us. In the lesson “My Family” children were explained about the whole concept of family. With the help of class discussion, video and ppt explained to children why family is important and the different roles of family members. A detailed discussion of the types of family was done too.

Family is....

- A group of people who are related to each other.

- Members of the family celebrate every festival together.
- Members love and care for each other.
- Live together in one home as one unit.
- Share responsibility of the household work.

# हिन्दी

Children of class 1 were introduced with इ की मात्रा in their Hindi class. They all practiced reading the words based on Matra and also recited the इ की मात्रा खड़ी, they also revised आ मात्रा and were able to identify and write the names of pictures based on आ मात्रा

**इ की मात्रा**

बंद दरवाजे खुली खिड़कियां।  
दुपहरी में बंद चुम्बक  
गर्मी आई गर्मी आई।  
बाहर जाना ही आफत है  
घर के अंदर कुछ राहत है।

# ENVIRONMENTAL SCIENCE

Students of class-2 revised the chapters My body and My Family along with short questions & answers. They also began with a new chapter- My Home and learnt the difference between the houses used in the old days and now. They were made aware of the importance of a house.

# ART CLASS (1 & 2)

Art is not what you see, but what you make others see. It has the role in education of helping children to become like themselves. Students of class 1 & 2 showcased their amazing art talent in their art class.

Students of class 1 used their creativity skills to draw and colour on the topic- “My favourite thing” in their sparkle book whereas class 2 did pencil shading in their sparkle book.

# INSTRUMENTAL MUSIC (1 & 2)

Instruments bring rhythm in music. Students of classes 1 & 2 practiced Percussion patterns and revised names of various types of instruments during their Instrumental music class.

# VALUE EDUCATION/ CIRCLE TIME

As part of value education students of classes 1 & 2 were briefed on the topic 'Respect everyone' with the help of powerpoint presentations and a short story. Students participated in circle time and shared their views on the topic 'माँ के लिए खास क्या किया.....'

## What is meant by respect every one

- Respect means that you accept somebody for who they are, even when they're different from you or you don't agree with them.
- Respect builds feelings of trust, safety, and wellbeing.
- Respect doesn't have to come naturally – it is something you learn.

# INTER CLASS WEEKLY ACTIVITY

Students of classes 1 & 2 had their Inter class weekly activity - “Tear & paste” on 11th & 12th May, 2022. They were taught the method of tearing & pasting during their regular art class. To make them familiar the students were given a few practices on the same. Students were told to perform the activity on the final day during their enrichment class; the best entries will be assessed on the basis of creativity, neatness and presentation. Winners will soon be awarded with certificates.

# PHYSICAL EDUCATION

Children learnt fundamental motor skills for major games like balancing, running, jumping, catching, hopping, throwing, galloping, skipping, leaping, and kicking which helps in building stamina and prepares them for different sports. They learnt and practiced dribbling and kicking football. Children enjoyed doing outdoor activities like hurdle races.
