SCIENCE APPS CAN BE FUN

PROJECT NOAH

It is a tool to explore and document wildlife and a platform to harness the power of citizen scientists. Rather than studying animals and plants from a textbook, students can take a picture of plants and trees from their surroundings. They can even earn "badges", which also makes this a great app for the Boy Scouts.

GOT IT!

Students preparing for the SAT, chemistry, or physics can get extra help and explanations with this app. Employing experts in the STEM standards, students can upload a snapshot of their homework question and get one-on-one help to understand the problem. Students get a free 10-minute session for each problem.

ANATOMY 4D

For high school and college students, Anatomy 4D is a great resource for studying anatomy. Students can study specific parts of the body or the entire body. Views are in 3D to give a more life-like experience to students using the app.

LOCKDOWN DIY

ROSE KULFI

Make delicious kulfi with these easy-to-source ingredients: 1 litre milk, 1/2 cup rose-flavoured syrup and few rose petals.

THE METHOD:

Boil milk for 15-20 minutes, or until it thickens properly. Add rose syrup to the milk and keep stirring. Once the milk is thickened and reduced in quantity due to boiling, add rose petals and continue boiling it for 10 minutes. Let milk cool down to room temperature. Pour into kulfi moulds, freeze for 5-6 hours and enjoy. (Please take elders' help while you try them. It is one of the best ways to bond with your family)

CORONAVIRUS INTERRUPTS WORLD'S LONGEST-RUNNING CARTOON

Production of the world's longest-running cartoon and a mainstay of the Japanese weekend has been interrupted by the coronavirus, forcing the broadcast of re-runs for the first time in decades.

ENTERTAINMENT

'Sazae-san', which first aired in 1969, revolves around the life of Mrs Sazae, a cheerful full-time housewife, who lives with her parents, husband, son, brother and sister

ED SHEERAN GIVES MUSIC LESSONS TO SCHOOLKIDS

Singer Ed Sheeran is using the lockdown time to do various things, including giving music lessons to schoolkids. In a virtual interaction with the students of Ecclesbourne Primary School, Thornton Heath, South London, the singer spoke about his childhood, his struggles and also taught them to play some of his hits, such as 'Perfect' on guitar.

"When I was a child, I couldn't focus on maths, science and English; I was told to be successful in life, you had to do those things. However, I loved playing music, and it gave me immense satisfaction"

TWITTER TO LABEL TWEETS CONTAINING HARMFUL, MISLEADING CONTENT ON COVID-19

Twitter has said that it will label tweets that contain "potentially harmful, misleading information" related to COVID-19, and provide additional context to curb spread of fake news around the pandemic that has claimed thousands of lives globally. Like other digital platforms, including Google and Facebook, Twitter is also undertaking these measures to ensure that people have access to information from trusted health experts and organisations like World Health Organisation, at a time when nations across the world are combating the pandemic.

Earlier this year, Twitter had introduced a new label for tweets containing synthetic and manipulated media that misleads people, and had said that it would take steps, including removal of tweets, if such content harms public safety

■ In late April, the 'Alchemist' author wrote illustrated tales for children. The book talks about empathy, faith, trust and hope in the time of the coronavirus pandemic. A must read

■ His book, 'The Meaning of Peace', can be read together with family and friends. The book, which is about a king, who ruled over a kingdom where everyone is happy, unlike his neighbouring kingdoms that are in a constant state of war, is an engrossing read. It gives few lessons as well

Are you fed up of attending classes virtually from your bedroom? Well, you are not alone. Students across the world are going through the same emotions of confusion in online clutter. Follow these tips to help you sail smooth...

Adapting to online classroom culture

FIGHT IMPATIENCE

1 If you are nervous or irritable with this new online learning structure, remember your teacher is also going through the same feelings. "It's a first time for him/her too - like you! So be patient and try to ignore little hiccups, like connectivity issues while you are jotting down notes or trying to get your class teacher's attention," advises Rama Sharma, a Hyderabad-based schoolteacher.

BE MINDFUL OF YOUR HOME ENVIRONMENT

2 When you are attending your class via video call, be aware of what others can see and hear. "Inform family members that your live class is about to begin, so that they too are careful about how they are dressed up and that they should not talk loudly in the background," suggests etiquette guide Sunaina Haq.

MUTE YOUR MICROPHONE

3 Being on mic is great for saying 'hi' to your teachers and classmates, and in contributing to the discussion. However, remember to mute your audio, after saying hello. More important, the microphone should be on mute mode, when the teacher is taking the lecture, as background noise can be distracting to others attending the class.

From face masks to slippers, museum curators are gathering objects to preserve the lockdown life

The coronavirus pandemic is still raging, but museums are already gathering testimony and objects to remember life under lockdown. "It's such an extraordinary experience," Beatrice Behlen, senior curator at the Museum of London said. The museum, dedicated to the history of the British capital, appealed Londoners to donate items

that became a part of their lives, during the outbreak. Among the items collected so far are a pot of homemade jam and a makeshift rattle that used to accompany the weekly 'clap for carers' across the country. The museum is also asking people to record how they feel about their homes, which are now being used as offices, classrooms and gyms.

OTHERS NOT FAR BEHIND

- In Sweden, the Nordiska museet in Stockholm, is currently collecting children's reflections of how their daily lives have changed and how they see the future
- In Vienna, a photo of a birthday in confinement, and a kiss through a window pane are part of 1,800 contributions, already collected by the city's museum

► The lockdown has also inspired three young advertising executives in Barcelona to set up a virtual museum on Instagram

Pangolin
Pangolins are the only mammal in the world to be covered from head to toe in scales. They eat an enormous 70 million insects every year. Pangolins inhabit tropical forests, dry woodlands and the Savannah. Their tails can be used as a weapon, and they release a noxious-smelling acid to detect predators. Pangolins are the most trafficked animal in the world, hunted for their scales which are sold in the black market.

SCHOOL IS COOL

We can Progress even during Uncertainty

Every morning dawned in the usual manner with human beings carrying out their customary activities without the realisation of how much deterioration we had already caused to our nature and environment until one day life came to a standstill and the entire human race was left baffled at the uncertainty of future due to COVID 19. It's been more than forty days now to the lockdown and we are sad witnesses to the deserted roads, desolated malls, empty school buildings, locked offices and consequently a crumbling economy. Nonetheless, I feel, as an educator our role has assumed significance as we are dealing with the young minds who would perhaps be hugely affected with this state of emergency.

Dr. RITU P SOLOMON, Principal, Queen Mary's School, Tis Hazari

So, being the head of an institution I along with my team of teachers chalked out a planner and digital time table for our students to keep them motivated and handle their academic anxieties. An assembly schedule was also adumbrated to ensure their progress and also satiate their psychological needs. Whether it's a subject like Maths or language like Sanskrit or any other subject to talk of, every teacher is carrying out her duty with commitment and devotion and making the use of technology in the best way. PT teachers are sending their recorded videos to encourage the students to stay fit. The participation of the students not only in academic activities but also online competitions like singing, dancing, speech, news reading, graffiti, recitation etc. has been overwhelming. It's heartening to

- A FEW SUGGESTIONS TO PROGRESS DURING THESE UNCERTAIN CIRCUMSTANCES:**
1. Follow the norm of social distancing but do not isolate yourself socially.
 2. Wash, clean and sanitize your hands at regular intervals at the same time clean yourselves of the vices like hatred, pride, jealousy, backbiting, lying, cheating etc.
 3. Lead a physically healthy lifestyle by eating healthy also do not forget to meditate and pray for strengthening spiritual health.
 4. Wear a mask but also learn to smile through your eyes.
 5. Appreciate the workers serving on the front line
 6. Stay home to stay safe but do not hesitate to help someone in need.

see them posting their videos and waiting eagerly for the results. The appreciation and commendation being received from our parent community is itself a reassurance that we are in it together and together we will come out of it.

AN ACT OF KINDNESS MAKES RIPPLES OF HAPPINESS EVERYWHERE

Vansh Chhabra (X) of Pathways World School, Aravali during his morning jog highlighted the plight of the construction workers in his colony. With his parents' support he established the a response fund, which has successfully provided 21-day dry packs and fresh food to 200 families of wage workers in colonies of South Delhi, East Delhi and Gurugram so far. They have managed to collect Rs 10,000 towards this cause. Besides reaching out to family and friends for the donation to the fund, Vansh and his cousin created a website page that is inviting donation for this cause. Vansh is working in a methodical and dedicated manner to ensure this assistance reaches maximum people

and he is hopeful that he will continue this endeavour beyond the Corona times as well.

Celebration of Astronomy month

Sri Venkateshwar International School, Sec 18A, Dwarka hosted a range of activities for the students of classes I to VI during the Global Astronomy Month. Students participated in the activities conducted as part of GAM 2020

To appreciate the beauty of the night sky and to raise awareness of how poor-quality lighting creates light pollution, students celebrated International Dark Sky Week by organizing a star party at home, observing the night sky and making their parents aware about the impact of light pollution on astronomical studies.

Students also celebrated Yuri's Night and wrote messages for the First Man in Space Yuri Gagarin. Astro Gyaan activity was organised in which students acted like Astronomy Teachers and taught their parents about Astronomy and Space Science. Capture the Supermoon contest was also conducted. Parents too wrote amazing poem on Astronomy theme.
