Learning is always fun. Students of class 1 learned using google form independently during their English class. The concept of Gender and Opposites were revised through a video and later based on the same, a link was shared with the kids. They were overjoyed to answer the questions alone.

Yoga asanas tone the muscles, develop flexibility and improve posture and spinal alignment. Asanas, or yoga postures, fundamentally act as a lubricating routine to the joints, muscles, ligaments and other parts of the body, increasing circulation and flexibility. Children of class 1 learned different Asanas and tried doing those Asanas during their classes.

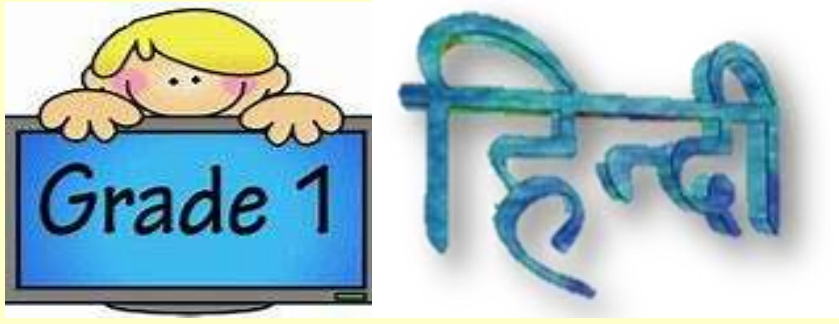

Math Word Problems are regarded as the vital part in Mathematics curriculum as it enhances the student's mental skill, develops logical analysis and boosts creative thinking. Word problems help to relate the additional concept with day to day lives. Children of class 1 learned word problems and additional properties. They learned the commutative and Zero properties of addition.

Two whiteboards on a green background. The left whiteboard is titled "Identity (Zero) Property of Addition" and shows the equation $1 + 0 = 1$ with the '0' highlighted in green. The right whiteboard is titled "Commutative (Order) Property of Addition" and shows a diagram with three circles of red dots (two with 3 dots, one with 2 dots) and a larger circle with 5 dots, followed by the equation $3 + 2 = 2 + 3$.A screenshot of a YouTube video. The video title is "Two Digit Addition Without Regrouping Word Problems". The main content is a word problem: "There were 15 blue cars and 73 yellow cars in the parking lot at The Mall at Marathon. How many cars were in the parking lot altogether?". To the right of the text is a vertical addition problem:

tens	ones
1	5
7	3
<hr/>	

 Below the problem are three large black stars containing the numbers 78, 88, and 67. A cartoon girl is on the left, and a small video of a boy is on the right. The YouTube interface is visible at the bottom.

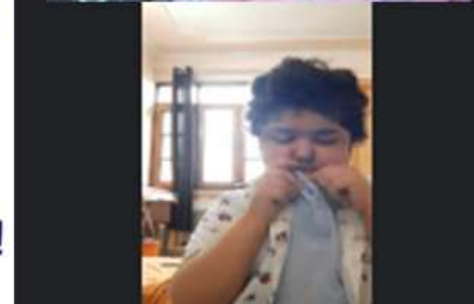

Children of class 1 learned counting 1-10 in Hindi. They were shown a video based on गिनती गीत which they enjoyed singing along. They also revised the poem and new words of the month.

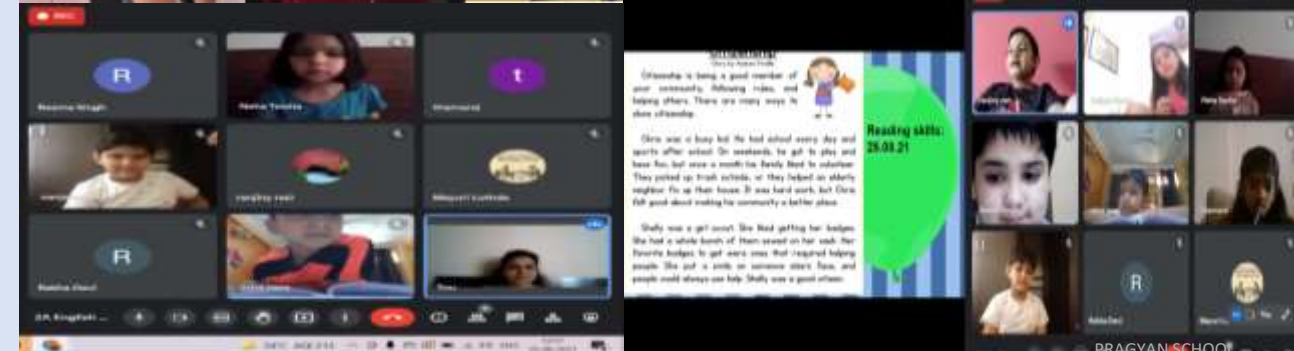

हिन्दी में गिनती					
1	१	एक	6	६	छः
2	२	दो	7	७	सात
3	३	तीन	8	८	आठ
4	४	चार	9	९	नौ
5	५	पाँच	10	१०	दस

गिनती गीत
एक, दो, तीन, चार

एक, दो, तीन, चार,
आज शनि है कल इतवार,
पाँच, छः, सात, आठ,
याद करूँगा सारा पाठ,
इसके आगे नौ और दस,
हो गयी गिनती पूरी बस..!

It is said, when you read, you exercise your comprehension abilities, your analytical abilities and it also helps a person learn to listen. Keeping this in mind, students are provided with different unseen passages on a weekly basis, to help them develop their language skills. Students of class 2 enjoyed learning the concept of verbs through an activity, on the platform 'Quizizz'. They also got an opportunity to create simple puppets and narrate a short story of their choice during their online class.

5. दोस्त की याद

किसी सालभर में एक कछुआ रहस्य था। सालभर के पास हींद में रहने वाली एक लोमड़ी ने उसकी दोस्ती हो गई। एक दिन वे सालभर के किसी मकसद पर चले थे कि एक तेंदुआ नहीं आया। दोनों अपने-अपने घर की ओर जान बचाकर भागे। लोमड़ी तो सरपट दौड़कर अपनी गीद में पहुँच गई पर कछुआ अपनी धीमी गति के कारण सालभर तक नहीं पहुँच सका। तेंदुआ एक क्षणों में उस तक पहुँच गया।

Students of class 2 revised the topics taught in the month of August. They not only participated in a Google quiz as part of the revision but were also introduced to a poem called नटखट चूहा during their regular Hindi class.

गांधी, तिलक, सुभाष, जवाहर का प्यारा यह देश है।
 जियो और जीने दो का सबको देता संदेश है।
 प्रहरी बनकर खड़ा हिमालय जिसके उत्तर द्वार पर।
 हिंद महासागर दक्षिण में इसके लिए विशेष है।

हम न कभी हिंसा के आगे अपना शीश झुकाएँगे।
 सच पूछो तो पूरा विश्व हमारा ही परिवार है।
 विश्वशांति की चली हवाएँ अपने हिंदुस्तान से।
 हमें मिली आज़ादी वीर शहीदों के बलिदान से।

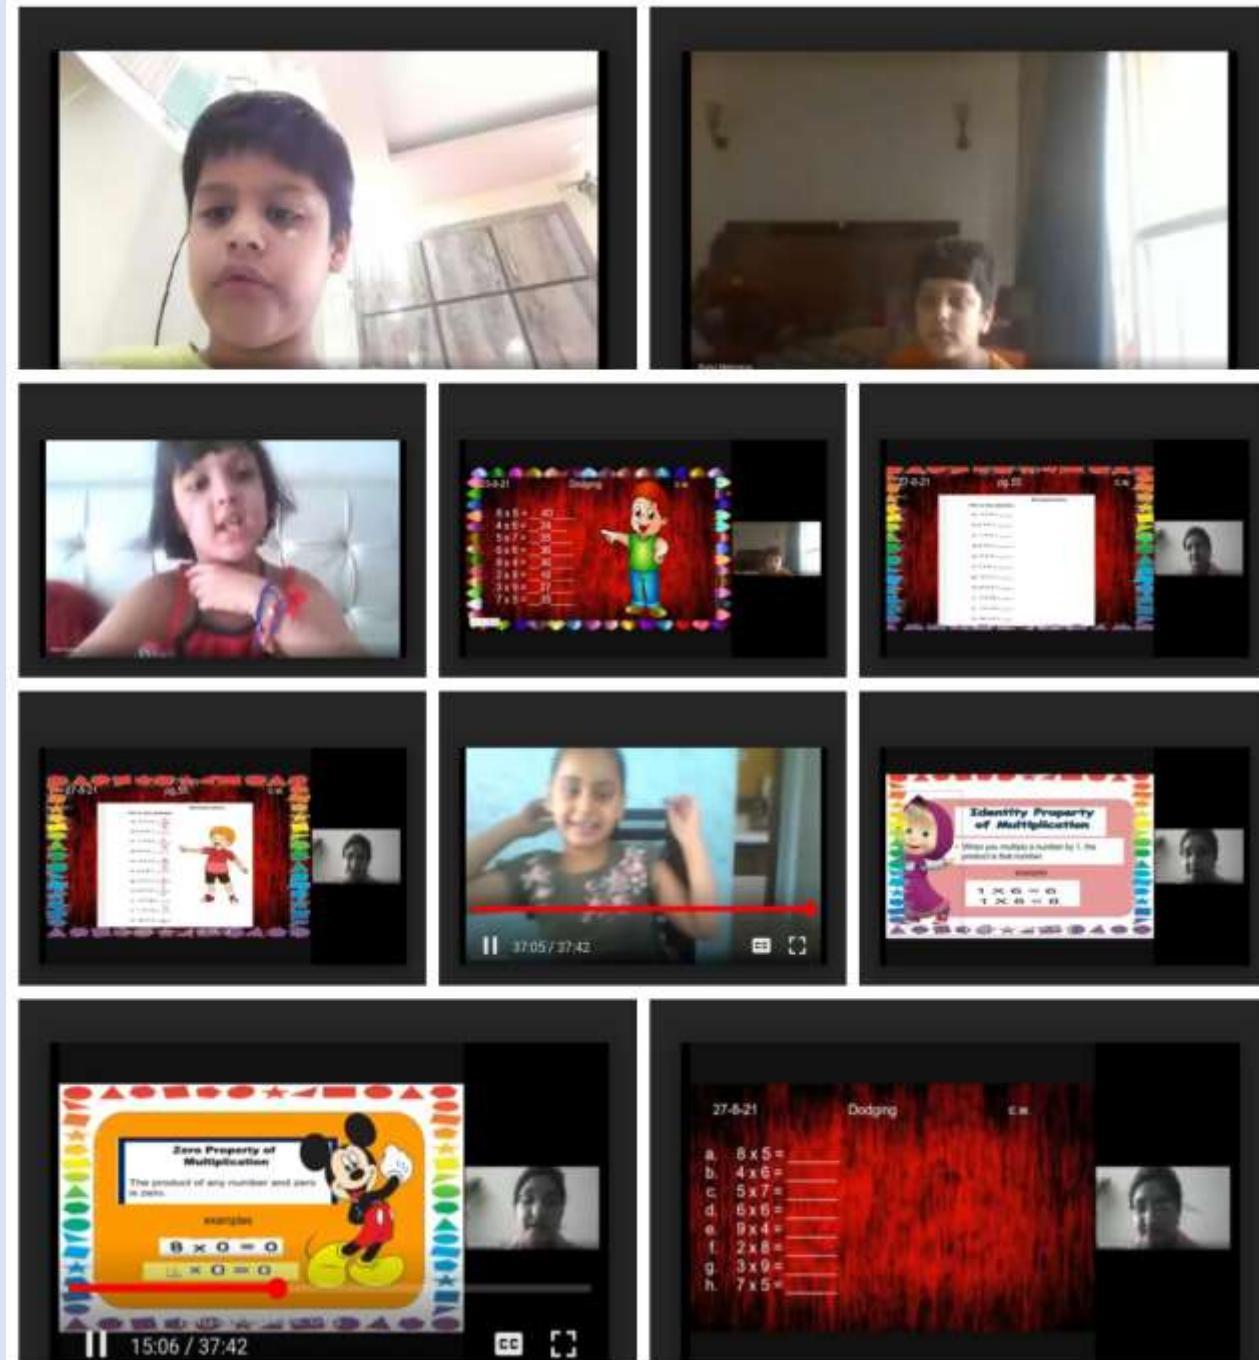

Students of Class 2 learned some more variations of hand gestures. They also revised the ongoing dance steps and learnt more steps on the theme of Gandhi Jayanti.

Multiplication builds the basic Mathematical Blocks and Supports More Complex Tasks. As part of each person's mathematical 'toolbox', multiplication is a fundamental skill which enables the child to succeed in what can often be considered a daunting subject. Students of class 2 revised the topic Multiplication and cleared their doubts on facts of multiplication where they also practiced with different worksheets.

They also revised the tables from 2 to 9 in their regular Maths class.

EVS ACTIVITY

Indian culture is the heritage of social norms, ethical values and traditional customs. Students of class-2 participated in the class activity where kids wore traditional attire and spoke on their favourite festivals. It was a fun filled and interesting session that allowed the students to share information on various festivals celebrated across India.

ART AND CRAFT (1 & 2)

Students of classes 1 & 2 engaged themselves in celebration of the upcoming festival - Janmashtami. They were told about the festival during their collaborative session and based on the same the students were taught to make paper flutes and paper crowns during their Art and craft class. They used papers, ribbons and other decorative materials that were available at home and presented wonderful craft work.
