Students of class 1 were introduced to Pronouns during their English class. Students were informed about the meaning of pronouns along with their use at different places. A video based on the same was presented to add more clarity about the topic and later the students were encouraged to frame simple sentences (verbally) using pronouns in it.

ENVIRONMENTAL SCIENCE

This week in EVS two lessons- Plants & Taking care of the environment were revised thoroughly. During the revision the doubts of the students were cleared related to the chapter. Some written work and oral discussions were also done.

Moreover, students were introduced to the new topic:- ‘The Earth & the Sky’, students showed interest while reading this lesson as they were curious and excited to learn more about the solar system.

The students of class 1D enjoyed a session from My STEM LAB based on the revision of the chapter-Plants. They revised the chapter through oral questions related to the chapter and later participated in the activity where they arranged different parts of plants and labeled it themselves.

हिन्दी

किताबें पढ़ने से बच्चों को भाषा की गहराई सीखने में मदद मिलने के साथ ही मस्तिष्क का विकास भी होता है। इसके अलावा बच्चों की वाचन कौशल भी बेहतर होती है। इसलिए हर सप्ताह विद्यार्थियों को पाठ्यपुस्तक व अपठितगद्यांश द्वारा पठन कार्य कराया जाता है। भाषा का शुद्धिकरण व्याकरण द्वारा होता है इसलिए इस सप्ताह व्याकरण में अनेक शब्दों के लिये एक शब्द कराए गए।

३१ - ०१ - २३

पुनरावृत्ति

क.का.

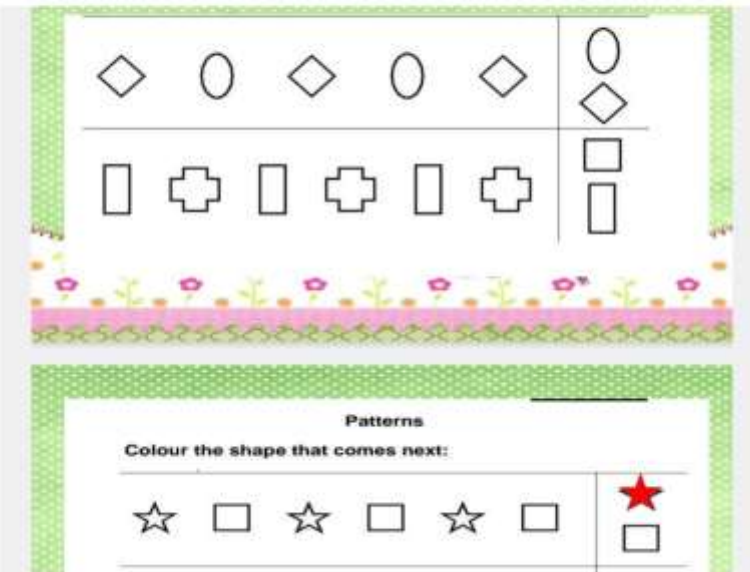

अनेक शब्दों के लिए एक शब्द लिखिए-

- जहाँ इलाज किया जाता हो -
- जिसके मन मे दया हो -
- आलस करने वाला -
- किसी से भी न डरने वाला -
- साथ पढ़ने वाला -

Math

Studying patterns is an opportunity to observe, experiment, discover and create. By understanding regularities based on the data we gather and we predict what comes next. Students of Class 2 were introduced to the Chapter: Patterns. They were taught to observe and decode the pattern rule to take it forward. They made patterns using different shapes in their notebook. They were also given practice on number patterns.

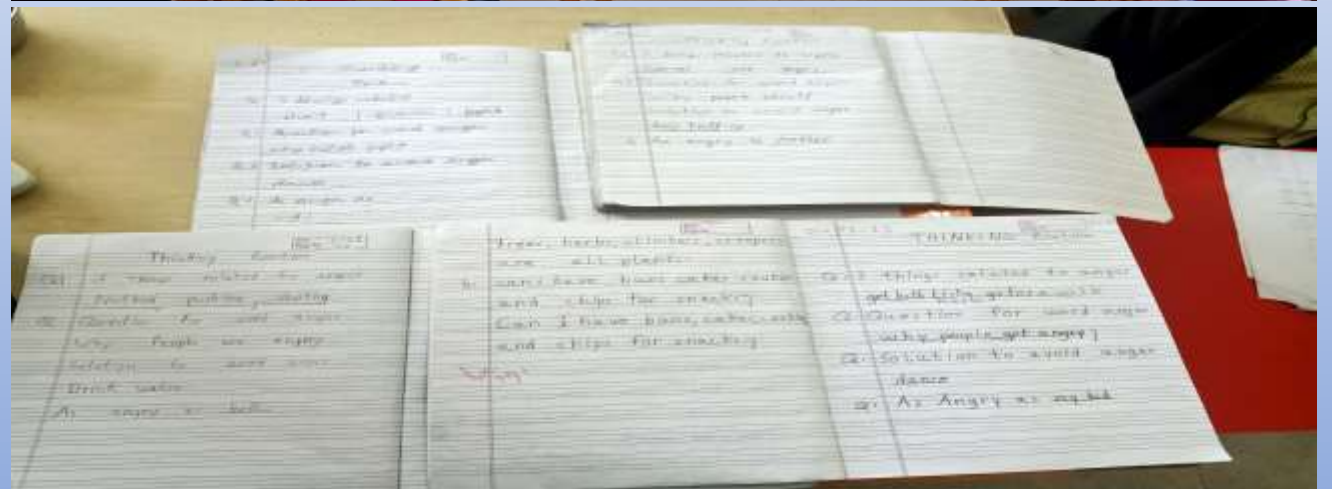

ENVIRONMENTAL SCIENCE

Revision helps recall the details of the topic studied. Students of class 2 revised the chapter - Plants and new words of the month. Students also participated in a thinking routine activity and shared various problems that living beings might face in the absence of sun.

As part of the Thinking Routine activity, students of class 2 participated and shared their views in 3-2-1 Bridge. They were asked to pen down three words related to anger, a question on the word anger and the solution to avoid it. They were able to write and express their viewpoint with little guidance.

STEM-based education teaches children more than science and mathematics concepts. The focus on hands-on learning with real-world applications helps develop a variety of skill sets, including creativity. Students of class 2 got an opportunity to understand Day and Night concept through a stem session conducted in class. It was quite an interesting experience and students enjoyed it thoroughly.

CONTEMPORARY DANCE (CLASS 2)

Dance takes you towards inner happiness so students of Class 2 started learning various walking styles like skipping, dipping etc during their dance class. They also learnt contemporary dance steps to enhance dancing skills.

ARTS (1& 2)

Students of class 1 were made to do free hand drawing in the sparkle book, whereas students of class 2 did craft work in their sparkle book. They used pencil shavings to create the butterflies and the garden.

INSTRUMENTAL MUSIC (1&2)

A metronome is a device that makes a clicking sound at measured regular intervals. Students of grade 1 & 2 were introduced with metronome Bongo. They also practiced E major scale.

VOCAL MUSIC (CLASS 2)

Patriotic song showcases your love and respect towards your mother land. It expresses our devotion and vigorous support towards our own country. Songs always help people to feel relaxed and happy. Students of class 2 practiced patriotic song in their regular class.

GOOD JOB CERTIFICATES

Students of 2D were also awarded good job certificates for their achievements and improvement in different skills.

Students of class 3 were introduced to the grammatical concept of Preposition. Related ppts and videos were shown. They did related exercises too. Picture Reading was practiced in the class too. The students even had their Reading, Recitation and Dictation Assessments.

REVISION OF DIFFICULT WORDS			
to	reply	appetite	ward
strove	weird	intuition	leaf
spin	regret	skewer	placid
profound	skitlike	anna	rage
nausea	transient	ignoring	inspired
madam	enveloped	tailed	lolly

Students of Class 3 had SA2 minor assessments this week. They did an activity which not only helped them understand the measurement of weight better but also made learning fun for them. They made a model of Weighing Balance and tried to balance the weights on both sides using the weight of coins and other small objects. Students also answered questions posed to them in Oral assessment based on multiplication tables. At the end of the week, they took their mental math assessment in the form of an online quiz.

ENVIRONMENTAL SCIENCE

The students of class 4 revised the chapter- The Universe and The Solar System. Oral discussions were done in the class on different planets. Videos and ppt related to the topics discussed in the class were also shown to the students. The students also did a stem lab activity in which they made an eclipse model to study solar and lunar eclipse and different phases of the moon

हिन्दी

Students of class 4 studied the new words and poem of the month. The meanings of hard words of the poem were also explained to them. The new lesson, 'Keral Nariyal ka pradesh' was taught to them. They also completed the word meanings and question answers of the lesson in their notebook.

- NO FOOD OR DRINKS
- STAY ON MUTE IF YOU'RE NOT TALKING
- RAISE YOUR HAND IF YOU WANT TO SAY SOMETHING
- RESPECT OTHERS

'केरल - नारियल का प्रदेश'

१	भारत	११	विधाता
२	समुद्र	१२	दर्शनीय
३	प्राकृतिक	१३	मूर्तियाँ
४	शिक्षित	१४	नारियल

Students of class 4 were introduced to the new lesson My Elephant is Missing. Concept of conjunctions was strengthened, related worksheets were solved. In creative writing students did story writing in their workbook. Similes was also explained to the students. During the week students took their assessments of reading, recitation and dictation.

Conjunctions

Conjunctions are joining words. They join words or sentences.

A cartoon illustration of a blue elephant with glasses and a red mouth, looking surprised. It is surrounded by several colorful puzzle pieces, each containing a conjunction: "Yet" (pink), "So" (yellow), "But" (yellow), "Or" (pink), "For" (yellow), "Because" (purple), "And" (pink), and "Nor" (green).

Students of class 4 revised the concept of Area and Perimeter by creating a Mathematical robot. They used grid sheets and created the robots using geometrical shapes like rectangle and square. The students showcase their creative skills and mathematical accuracy while calculating the area and perimeter for the same.

हिन्दी

Students of class 5 studied new words and poem of the month. The meanings of hard words of the poem were also explained to them. The new lesson 'Basant' was taught to them. They also completed the word meanings and question answers of the lesson in their notebook.

❖ फरवरी माह के नए शब्द (‘वसंत’ कविता)

- | | |
|---------------|-------------|
| १. रंग-बिरंगी | १५. फुलवारी |
| २. आनंदित | १६. सुनहरा |
| ३. झूमता | १७. किसान |
| ४. निर्माण | १८. वाटिका |
| ५. मोहित | १९. तितली |
| ६. सरसों | २०. जंगल |
| ७. क्यारी | २१. पराग |

Students of grade 5 had the assessments of reading, recitation and dictation during this week. In grammar, they revised the concept of pronouns. They did a few exercises related to grammar in the Engaging English Workbook. They did an activity where they spoke about the ‘Country they would like to Visit’ along with the illustrations. In ASL, an audio was played and they were asked questions based on the text from the video. In creative writing, they wrote diary entries.

ENVIRONMENTAL SCIENCE

The students of grade 5 were acquainted with the plant world reproduction with the introduction of L-20: How Do Plants Reproduce?. The structure of the seed along with the functions of its various parts- seed coat, endosperm and cotyledons was explained in detail. This was followed by discussion on the comparison between monocots and dicots. The process of germination along with its various requirements was also explained. Videos related to the topic were shown to strengthen the understanding of the students. The round 1 for the upcoming weekly activity EVS Quiz was also conducted.

ART & CRAFT (3&4)

Students of classes 3 & 4 did sketching on the given topic. They drew nicely with different colouring ideas.

CONTEMPORARY DANCE (CLASS 3)

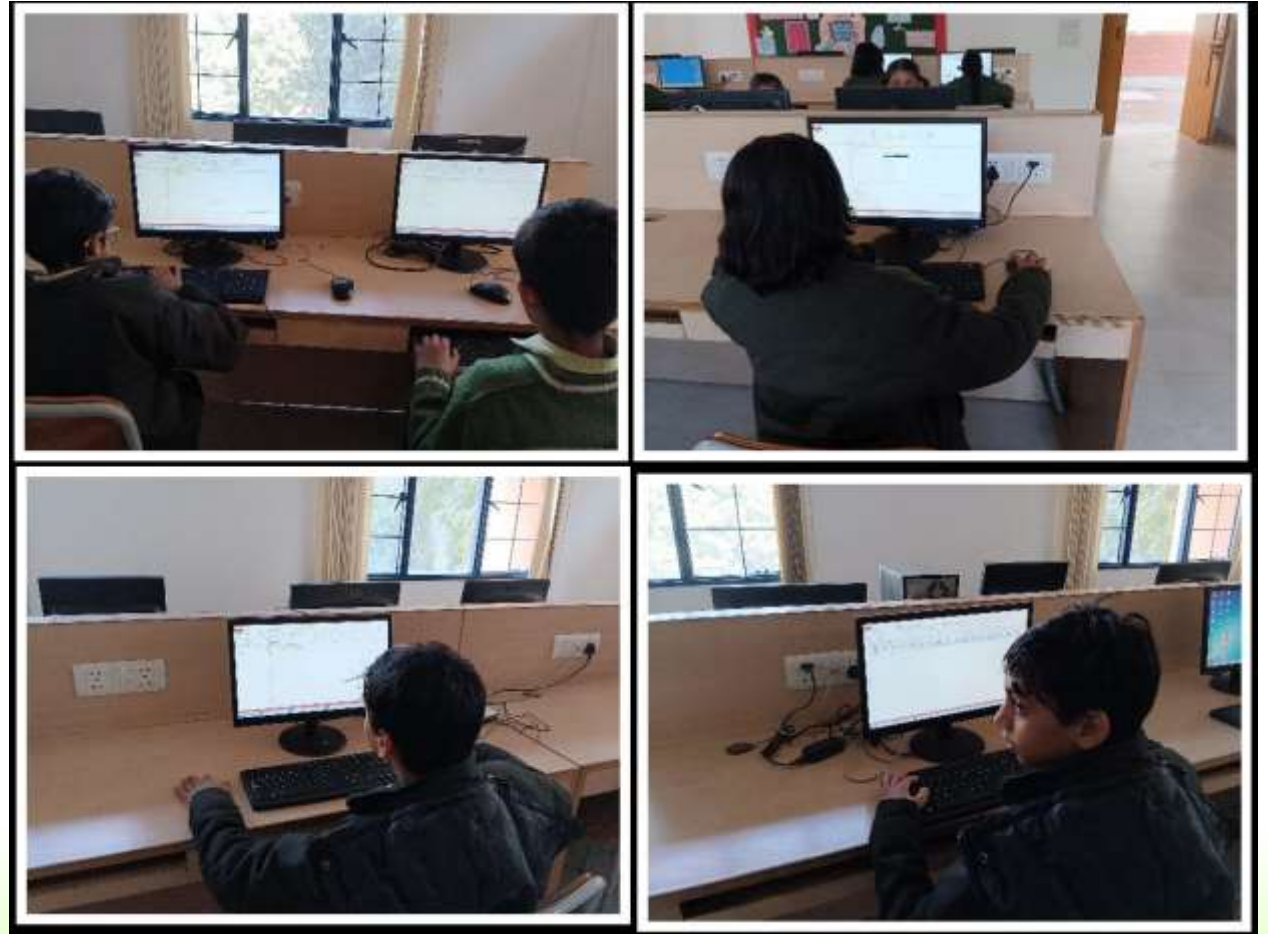

Students of class 3 learnt various walking styles during the dance like skipping, dipping etc. on counting and music. They also learnt a few dance steps for the upcoming school event.

COMPUTER (4 & 5)

Students of grade 4 learnt the Adobe Spark and made posters on Republic Day, in which they added beautiful background, pictures and text by using the available tools.

Students of grade 5 were taught the MS-Access, in which they learnt to create a table in Design View and Datasheet View. They have also learnt to add primary keys in the table.

PHYSICAL EDUCATION (3-5)

In class 3 to 5 they learnt physical fitness and how to play matches of football, basketball, tennis, volleyball and badminton in their regular period and selected students of Basketball, football, tennis and badminton are doing practice for the upcoming inter school tournament.

WELLNESS SESSION(MUSIC THERAPY)

Music therapy provides a creative way for kids. It activates many areas of the brain and has been found to positively affect early childhood development, learning and daily functioning. This week a wellness session of Music therapy was organized for the students of classes 3 to 5 by Mr. Anmol. The session started with childhood songs ‘Lakdi ki Kathi’, followed by a wonderful meditation with music played on a mini handpan and concluded with the drum session. Students enjoyed the session with different flares of music.

DEAR (DROP EVERYTHING AND READ TIME)

Drop Everything And Read time, better known as DEAR time, was conducted for classes 3-5 on 1st February. It is a time regularly set aside in the classroom schedule for both students and their teachers to “drop everything and read.” DEAR time conveniently accommodates a variety of student interests and ability levels. Each student selected a book as per their choices and read in the class.

PRIMARY WING IN INTER SCHOOL COMPETITION

Pragyan School junior team Got Runner's up position in Inter school football tournament organized in Greater Noida World School date 1st February to 3rd February 2023. Man of the match Vihaan singh of class IV B.

Also Aarohi Roi of class IIIA got bronze medal in inter school skating competition.

CLASS TEACHER PERIOD

As a part of Interact Club, students of classes 3-5 had theme-based Enrichment periods on Monday, Tuesday and Thursday. The topic for the Circle Time on Monday was on Martyr's Day or Shaheed Diwas. It is observed in India on January 30 to commemorate the assassination of Mahatma Gandhi in 1948. On this day, the entire country pays tribute to all the heroes of the Indian freedom struggle, who sacrificed their lives for the nation. Tuesday's Value Education continued on Self-Reliance and Leadership. The General Awareness session on Thursday was on Folk Dances of India. It was shared with the students that folk dances are forms of expression, performed to reflect the happiness, sorrow and different mood of society.
