WEEKLY CIRCULAR SENIOR

29th APRIL 2022
(Cir/PS/49/2022-23)

ASSEMBLY VI-VIII

Class VIIA conducted the assembly this week. Week started with a debate session on 'Should reality shows be banned'. Students presented their view in favour as it provides opportunities to talented people and against the motion as sometimes it is scripted, biased and judges were very rude while passing their comments. On wednesday , students presented an assembly on famous personality 'Oscar Wilde'. They presented talk on life history and his work. The student recited a poem and narrated a story written by Oscar Wilde.

ASSEMBLY IX-XII

Oratory skill improves communication skills with others and it also increases skill at perceiving people& reactions to your message. It gives an opportunity for developing communication skills which ultimately results in personality grooming. Students of XIIC took this opportunity and came up with different shades. Students shared motivational story, unknown facts, with a blend of the musical piece. Each student is gifted in a unique and important way. The topic of the open forum for this week was, Stricter Traffic laws can prevent serious accidents. Students of XA presented debate on ' Human Intelligence can replace Artificial Intelligence. Students also presented talk on famous personality 'Adar Poonawala' CEO of Serum Institute of India. On Friday a session of YOGA was conducted.

ASSEMBLY IX-XII

SCIENCE ACTIVITY VI

Students of class VI went for a nature walk. They observed the types of leaves, their venation, bark, and types of roots in the school nursery. They also conducted an activity based on transpiration and observed water droplets in the polybag tied around the twig.

SCIENCE ENRICHMENT ACTIVITY VI

Students cemented their knowledge on light, shadow and reflection by making the model on it. They made models of rectilinear propagation of light, solar eclipse, lunar eclipse and pinhole camera with the material available at home.

SCIENCE ENRICHMENT ACTIVITY VII

Science enrichment activity was conducted in class VII on the three effects of electric current that are, the heating effect, the magnetic effect, and the chemical effect. When an electric current flows in a circuit it can produce heat and light and when an electric current flows through a conducting wire, the wire becomes hot all these effects have been experienced by the children while making working models.

ENRICHMENT ACTIVITY IX

Students of class IXA performed Mathematics Enrichment Activity related to square root spiral with enthusiasm. They learned with the help of Pythagoras how to represent irrational numbers on a number line.

WORK EDUCATION

Students of class X C prepared the FIRST-AID KIT as part of their work education. The method of preparing the kit using a shoebox and various components of the kit were explained to the students. Students watched the video to know more about First Aid and actively participated in the activity.

ATL SESSIONS VI

Robotics kit was introduced to the class VIC whereas students of class VIA made a funtoo scooter.

ATL SESSIONS IX

The concept of Arduino was explained by Ms Rajani to the students of class IXA during the ATL session. She explained the basic components of this microcontroller and explained the circuit of BLINKING LED through Arduino coding.

INTERCLASS HINDI CREATIVE WRITING COMPETITION

The winners of the Hindi creative writing competition were given merit certificates in the morning assembly.

INTERCLASS SANSKRIT CREATIVE WRITING COMPETITION

We congratulate the following students for achieving positions in the interclass Sanskrit creative writing competition held on 20 April 2022.

Iccha	VIII B	Second
Nishith	VIII B	Third
Reva Sharma	IX B	First
Aaruni Mehta	IX B	Second
Aadya Goswami	IX B	Third
Zoya Awasthi	X C	First
Ayaan Hakim Khan	X C	Second
Pranay Kumar Behera	X C	Third

INTERCLASS ENGLISH CREATIVE WRITING COMPETITION

'Write, until it becomes a natural breathing. Write, until not writing makes you anxious.'

Creative writing expresses the writer's thoughts and feelings in an imaginative way. Creative writing is guided more by the writer's need to express feelings and ideas than by restrictive demands of factual and logical progression of expository writing. In our quest to promote academic excellence and encourage scholarly behavior among students, a creative writing competition was organized on 27th April 2022, for classes VI to XII. Students were provided with interesting prompts depicting different imaginative situations. The students outshine with their creativity, and language competency and have delivered coherent write-ups with a soul. This competition was one out of the numerous enjoyable competitions that gave students a platform to learn how to express their ideas and views in different ways. It helped students to improve their spelling, vocabulary, and proficiency in English. As a result, children are able to read and write more effectively. Children participated earnestly in the competition.

INTERCLASS ENGLISH CREATIVE WRITING COMPETITION

OLYMPIAD RESULT 2021-22

We congratulate the following students for their National Social Science and Maths olympiad achievement.

SOF ISSO 21-22

17	<u>Priyanshu Biswal</u>	12	Gift Worth Rs 500/- + Medal of Distinction + Certificate of Distinction

WORKSHOP ON WASTE MANAGEMENT

The Ecology Club of Pragyan School, Greater Noida organized a workshop on 'Waste Management' on 27 th April for the students of classes VI-XII. Almost every city in India has a landfill most of which are well past their saturation level. The resource person Mr Ashish Sachdeva, the Founder of 'Green Dream Foundation' sensitized the students about the environmental problems caused by reckless consumption and inefficient waste disposal. The main objective of the workshop was to educate students and provide them with holistic understanding of Solid Waste Management (SWM) issues, ill effects of bad/wrong practices of SWM, best practices of SWM and importance of proper sanitation. In the interactive session, students were told that there is an urgent need to manage waste and for that we must follow three R's i.e. reduce, reuse and recycle. In addition to that, we must refuse waste specifically plastic waste and rethink before creating any waste. Turning waste into compost will also go a long way in solving the problem of waste management. The main point that has been conveyed through this workshop was to reduce the waste produced so that we won't have to segregate it. Zero waste is a powerful program and we hope in the near future India can stand tall as a zero-waste country. The workshop was interesting, interactive, engrossing and an eye-opener for all.

WORKSHOP ON WASTE MANAGEMENT

EARTH DAY CELEBRATION VI- VIII

Eco club celebrated earth day on 22.04.22 by doing an open forum on 'Invest in our planets'. Eco club students presented their view (through their artwork) on accelerating solutions to combat various emerging environmental issues, like climate change, global warming, land pollution, and activating the role of everyone in saving Earth. In the end, students enacted the role of the Reporter who took the interview of Mother Earth.

EARTH DAY CELEBRATION IX-XII

In continuation with the event performed on the Earth Day on 22nd April 2022 by the student of Ecology club which included talks and presentations focusing the Save Soil, the students were asked to write down letters to our honorable Prime Minister regarding the soil degradation and requesting him to lay down some strict laws to protect this valuable resource, which can only ensure food security to the growing population of the country in future. Our students wrote letters to the Prime Minister which were collected and handed over to the representative of Isha Foundation on Tuesday, 26th April 2022, in presence of Mr Ramchand, Managing Director of the school. He has also motivated our students to take part actively in further programs concerning environmental issues.

Name of the Participant Teacher	Topic of the webinar
Dr. Ria Nanda	•Developing Resilience in students
Dr Seema Sharma	•Child Psychology Developmental Stages

SOCIAL CLUBS

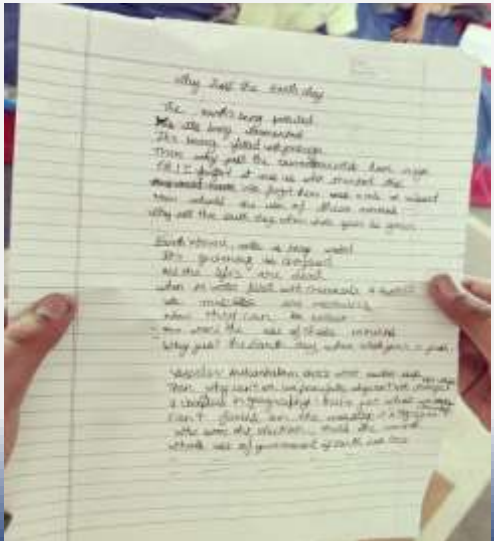

CLASS VI- XII

- ECOLOGY CLUB
- HEALTH AND WELLNESS CLUB
- DEBATING AND JOURNALISM CLUB
- INTERACT CLUB

ECOLOGY CLUB VI-VIII

The Celebration of Earth day continued in the club session. Students were motivated to write poems, dialogue, stories and make flipbooks and comic strips. Students made amazing, stories, poems, and comic strips about saving mother Earth.

ECOLOGY CLUB IX-XII

During the club period students attended the session along with their teachers. It was an introductory session, members were briefed about the activities to be taken up and encouraged to be active in the club. They were taken to the functional Compost pit and we're briefed the process of composting. It was quite interactive session

HEALTH AND WELLNESS CLUB VI-VIII

“Hippocrates stated that “Nature itself is the best physician”. During the last session, the Health and Wellness Club Members joined the meeting with great synergies and enthusiasm. The purpose of this weekly club meeting was to rejuvenate the healthcare and healing power of natural herbs and medicines. Our young members shared their powerhouse of knowledge and discussed the home remedies and medicines used for various ailments in their families. It was a learning experience for all including the teachers. The session was concluded with a ‘quiz’ on natural home remedies.

HEALTH AND WELLNESS CLUB IX-XII

My Health Goals 2022

In Health and Wellness Club activity by the name “My Health Goals 2022” was conducted where students of classes IX to XII gave themselves smart health targets for the year. The last two years of covid-19 made everyone learn an important lesson in life ‘Health is Wealth’ and it requires a lot of hard work and discipline to achieve it. Students were told that being healthy should be part of their overall lifestyle. Living a healthy lifestyle can help prevent chronic diseases and long-term illnesses. Feeling good about themselves and taking care of their health is important for their self-esteem and self-image. They were encouraged to maintain a healthy lifestyle by doing what is right for their body. A healthy goal is one that sets a positive tone, especially when it comes to our body. A healthy goal is one that helps us to feel good physically and mentally! A healthy goal may start out small and end up taking us on a journey towards long-term benefits, such as improved self-confidence and strength. Healthy goals may be the initial motivation but as we work towards them, we can eventually develop healthy lifestyle habits. That means eventually those short-term goals may lead to changes in our daily life. After all, improving our health doesn’t have a deadline — it can help us to maintain good health long into the future.

HEALTH AND WELLNESS CLUB IX-XII

DEBATING AND JOURNALISM CLUB VI-VIII

Student members of the debating and journalism club continued with their creative writing activity on 26th April 2022. Each student member had something to share with their peers. Overall it was an enriching experience for all.

DEBATING AND JOURNALISM CLUB IX-XII

Your voice deserves to be heard...

It is not an overstatement to say that each child is gifted with the art of debating. The students of the Debating and Journalism club had their first session of debating on 28 April 2022. Students filled with zeal and gusto were warmly welcomed and were introduced to the rules and regulations. The energy filled the aura when the facilitators announced the topic and the vibrancy to speak on the motion was visible on each child's face. The topic for the debate was 'Who are the better manager-Men or Women'. The participants were anxious enough to prove their stand and had actively participated in the debate. It was indeed a wonderful beginning of the session.

ENTREPRENEUR CLUB IX-XII

Guest Speaker Session (Learn from the real-world Entrepreneurs)

The inaugural meeting of the Entrepreneurship Club was held on 28th of April 2022. Mr. Vaibhav Jain, an Entrepreneur in real estate who's current working project is SPOTLITE – a Fun themed Mall at Rajnagar, Ghaziabad was the invited inaugural speaker. The students were introduced to the real-life story of Mr. Jain highlighting the ups and downs he had to sail through and thereby correlating them directly to the opportunities and challenges an entrepreneur has to experience. The talk focused right from the ideation stage, planning, organizing and execution until success. The session ended with a Q&A session where students' queries were personally attended to.

INTERACT CLUB VI-VIII

Student members of Interact Club prepared the Greeting Cards for the underprivileged children during their Club Meeting on 26th April 2022. Beautiful messages were drawn and coloured by the students. They were excited to be part of this Project. Few members have also given their artistic contributions toward preparing some educational boards for the underprivileged children.

INTERACT CLUB IX-XII

As part of World Heritage day celebrations, the students of Interact club visited INTACH- Indian National Trust for Art and Cultural Heritage, New Delhi on Monday 25th April 2022. They were shown three documentaries about the work INTACH does to preserve heritage, and about the storytelling and art preservation of Rajasthan. They were also taken to two laboratories which had displays and works-in-progress for the conservation of paintings and textiles respectively. They were told about the methods for the same- how the damage is assessed and repaired and the further course of action. Later, they were demonstrated the types of paper used, and various causes of paintings getting damaged, which was followed by a hands-on practice about preserving textbook pages and paintings. They were also given a newsletter, along with an invitation to write for future editions of the same. Overall, it was a very enriching outing for all the students.

INTERACT CLUB IX-XII

INTERACT CLUB INITIATIVE: PROJECT GRANTHALAYA

Fundraising campaign for "Project Granthalaya"

On Saturday 23rd April 2022, Interactors of Pragyan School conducted a fundraising activity for the ongoing permanent project of Interact club "**Project Granthalaya** " in the school Premises. The Interact club is working to establish a library in a Government Primary school, Sakipur village under "Project Granthalaya" The campaign mainly focused on the donation of books, well shaped furniture and financial support. We feel happy and offer gratitude to the parents who wholeheartedly supported the campaign and came forward to contribute to the same. A special thanks to the Parents of Lakshya class XA for their contribution in donating furniture.

VALUE OF EVERY DROP.**

TIP OF THE WEEK

MISTAKES ABOUT MISTAKES CORRECTED

SOCIAL MEDIA

REALITY

Every mistake you make is progress.

Every mistake you correct is progress.

Mistakes teach you important lessons.

Mistakes you respond to effectively teach you important lessons.

Failing is just another word for growing.

Failing is a way to recognise where we need to grow.

Every time you make a mistake, you're one step closer to your goal.

Every time you learn from a mistake, you're one step closer to your goal.
