WEEKLY CIRCULAR SENIOR

15th DECEMBER 2023
(CIR/PS/110/2023-24)

ASSEMBLY VI-VIII

Grade VI-C presented oratory skills in the morning assembly on 12th Dec. They recited poems, stories, haasya kavita, conducted sports quiz and sang special songs for their beloved teachers. Students of class VIII-A conducted assembly on 13th and 14th of December. On 13th, students spoke about the life and achievements of Dr. Homi Jahangir Bhabha followed by a quiz on his achievements. On 14th, students shared their views on the topic “Are Book smarts better than street smarts”?

ASSEMBLY IX-XII

Assembly was conducted by the students of XI C on tuesday which was based on Oratory skills. Students presented a talk on legal rights and songs.

OPEN FORUM IX-XII

Open Forum was conducted on the topic Liberalisation. Students expressed their views in favour and against the motion. The benefits of Liberalization in the development of an economy were nicely presented by them. Some negative aspects were also discussed clearly. Overall it was a fruitful discussion.

VISIT TO NATIONAL PHILATELIC MUSEUM: CLASS VI

THE NATIONAL PHILATELIC MUSEUM, located in NEW DELHI, showcases the rich history and cultural significance of postage stamps. With a diverse collection spanning decades, the museum offers a fascinating journey through the evolution of stamp design and printing techniques. The learners can explore thematic exhibits, rare stamps, and historical artifacts related to postal communication. The museum's interactive displays engage enthusiasts of all ages, providing insights into the world of philately. Our learners visited the National Philatelic Museum on 13.12.2023. It is a unique opportunity to appreciate the artistry and historical narratives encapsulated in these miniature masterpieces, preserving the heritage of postal communication for future generations. The learners got the insights about the ancient history of the Indian Postman and the two main categories of the stamps along with various national and international stamps. They enjoyed the movie and the activities conducted for them. It was a great learning experience.

VISIT TO NATIONAL PHILATELIC MUSEUM: CLASS VI

LIFE SKILLS

To assist adolescents in developing the skills required to deal with life's realities, life skills classes were conducted for the students.

To enhance emotional intelligence, students in class VII engaged in an activity where they were tasked with illustrating a range of emotions. The aim was to help them identify and acknowledge various emotions, exploring facets such as importance, intensity, and expressions—both negative and positive. Additionally, small groups were formed to foster empathy, with each group assigned a topic to showcase empathetic responses in given situations.

To delve into the dynamics of emotion management, students in class VI were tasked with creating and exchanging "chill booklets." Following this exchange, a discussion ensued, covering each student's subjective definition of "chilling" and the activities they included in their booklets.

LIFE SKILLS

HEALTH AND WELLNESS CLUB: AAROGYAM

The Significance of Proper Body Posture

Ensuring proper body posture is a fundamental aspect of overall health, with far-reaching implications for both physical and mental well-being. This week the Junior Health and Wellness Club members experienced the importance of maintaining correct body posture. One of the key highlights of the meeting was the 'Posture Correction Test' in which members actively assessed and analysed their own posture. The test involved a self-evaluation of body alignment and identification of areas that needed improvement. The session ended with a conclusion where the students learnt to be mindful of their body alignment during various activities, such as sitting, standing etc in day today life.

COMPUTER CLUB: TECHSPARK

The computer club's goal is for students to come together with a common interest in technology, to share and learn from one another. Students of class VI-VIII learnt the Qbasic programming where they have done the programs of control statement and looping. Students participated actively in Qbasic learning.

READERS CLUB:THE PAGE TURNERS

Student members of the Reader's Club continued with the activity- "Character Enactment / Know Your Author'. Each member presented something or the other. Some talked about their favourite author like J.K. Rowling, Shakespeare and Ruskin Bond to name a few. Some of them even presented monologues from various Shakespeare's Plays. Overall the activity was enjoyed by all of us.

INTERACT CLUB: HELPING HANDS

Corruption is a persistent global problem that affects both developed and developing countries. It undermines democratic institutions, hinders economic growth and development, and deprives citizens of their basic rights. One way to raise awareness and promote anti-corruption values is through the use of anti-corruption posters.

Keeping this view in mind this week the Junior Interact club celebrated the International Anti-Corruption Day by making posters and sharing their views on the same.

The posters were visual representations that communicated the consequences of corrupt behaviour and the importance of ethical conduct. The effectiveness of anti-corruption posters laid in their ability to convey complex ideas in a simple and easily understandable manner. The students also shared their views on how can we make this world a better place free from any forms of corruption.

INTERACT CLUB: HELPING HANDS

ECOLOGY CLUB: GREEN WARRIORS

Students of the Ecology Club visited the sites of Compost pit, Organic farm, and school nursery. They watched the progress of Compost making and learned that it takes time for the decomposition of the added material and the compost to be ready for use. They eagerly asked about the vegetables grown in our farm. Students also watched the growth of saplings which were planted by them few days back.

HEALTH AND WELLNESS CLUB: AAROGYAM

Fitness –Month December

On 15th December 23, The 30-minute walking activity at AAROGYAM ,health and wellness club proved to be a successful initiative in promoting physical activity and fostering a sense of community among club members. The walking activity commenced with a brief warm-up session led by Mrs. Mamta Bhatt. A designated walking route was established within the club premises, ensuring a safe and controlled environment. It is a continuous training method.

COMPUTER CLUB:TECHSPARK

Computer Club students were introduced to their digital rights and responsibilities. Students discussed about the issues and challenges in the digital age. They were shown infographics about children's right and how should they behave as responsible digital citizens.

JOURNALISM CLUB:THE BROADCASTERS

In the pursuit of fostering journalistic skills and a passion for writing, the Journalism Club organized an engaging Article Writing Activity on 14.12.2023 in the club period. This initiative aimed to empower students with the art of crafting compelling narratives and exploring various aspects of reporting. It promoted critical thinking and helped students navigate the complexities of presenting balanced perspectives. The students write articles on various topics such as 'Ignorance is a bliss', 'The art of noticing' and 'Hard work vs Smart work' etc. It instilled in students a deeper appreciation for responsible journalism and the power of words.

PARENTING TIP

HOW TO USE POSITIVE LANGUAGE TO GET YOUNG KIDS TO LISTEN TO YOU

Don't run	→	Please walk
Don't jump	→	Please go down slowly
Don't yell	→	Please use a quiet voice
Don't hit	→	Please be gentle
Don't ride your bike so fast	→	Please slow down
Don't throw the toys	→	Please put them gently on the ground
Don't talk to me like that	→	Please use kind words
Don't grab the toy out of another kid's hands	→	Please use your words and ask for the toy
Don't play with the ball in the house	→	Please only use the ball outside
Don't slam the door	→	Please close it gently / without making noise
Stop that loud tantrum	→	I'm here for you, tell me what happened
Don't interrupt me	→	Please wait until I finish talking
