# WEEKLY CIRCULAR SENIOR

28<sup>th</sup> OCTOBER 2023  
(CIR/PS/103/2023-24)

# ASSEMBLY IX-XII

Class IX B conducted the morning assembly on 25th and 26th of October 2023. The Students debated enthusiastically on the topic- cashless economy: are we ready for transformation? On 26 th October students presented the talk on VINOBA BHAVE who was one of India's best-known social reformers and a widely acclaimed disciple of Mahatma Gandhi. The talk was followed by a short quiz in which all the students from the audience participated with great zeal. On Friday morning of October 27, 2023, an invigorating assembly took place at the senior school assembly, featuring calisthenics exercises performed by students from classes IX to XII. This event aimed to promote physical fitness and an active lifestyle among the senior students. The assembly not only encouraged the importance of regular physical activity but also demonstrated the school's commitment to promoting a healthy lifestyle among its students. It served as a source of inspiration for all students to adopt a fitness routine and prioritize their well-being.

# ASSEMBLY IX-XII

# ENGLISH ENRICHMENT ACTIVITY CLASS IX

Listening skills are an indispensable component of language acquisition, and on Thursday, October 26th, 2023, the students of Class IX experienced the significance of these skills during their Enrichment Activity-3. The unique feature of this assessment was that it was entirely audio-based, requiring students to draw their responses from the audio content provided.

This activity not only underlined the pivotal role of listening skills in the process of learning English but also provided a practical platform for students to showcase their proficiency in this fundamental aspect of language acquisition. It served as a valuable opportunity for students to put their listening skills to the test, enhancing their comprehension, and reinforcing the importance of active listening in language learning.

# ATL SESSION VI

Students of class VI learnt about coding and execution of arduino uno.

# PRAGYAN PLUS INITIATIVE: VIDEO CONFERENCING UNMASKING FAKE NEWS

The role of video conferencing in fostering open conversations and collaborative efforts is pivotal in creating a more informed and resilient society against the perils of misinformation. Class XI & XII students had an enlightening video conferencing session with SMA Bakti Mulya 400 & SMP Isla Al Azhar schools of INDONESIA on 26th October 2023 through the platform of Global Generation. The topic of the session was 'Fake News and Social Media' to shed light on the pervasive issue of fake news within the realm of social media.

The discussions aimed to explore the impact of misinformation, creating fear and anxiety among people and paving the way to the uncontented world. The students from both countries shared their experiences and suggestions on the intricate relationship between fake news and social media. They also discussed the role of video conferencing in spreading awareness and potential strategies to foster digital literacy. The insights gleaned underscore the urgency of implementing targeted educational initiatives to enhance digital literacy.

# PRAGYAN PLUS INITIATIVE: VIDEO CONFERENCING CLIMATE CHANGE

On October 25, 2023, a video conferencing session was held between Grade XIIC of Pragyan School, and 5 different schools of Indonesia. The main objective of this video conference was to foster understanding and exchange ideas on the topic of Climate Change. Understanding climate change is of paramount importance for various reasons, as it has far-reaching consequences for our environment, society, and the economy. The session commenced with warm greetings and introductions from both sides. The facilitator from India provided a brief overview of the agenda and emphasized the significance of climate change. Students from each school presented their perspectives on climate change and how it is effecting them their families and surrounding at large.. They highlighted the strong effects of climate change and various forms though which one can reduce the effects of it. All the schools shared common challenges they face in reducing pollution. These challenges included apathy, lack of awareness, and limited platforms for youth engagement. Success stories were also shared, showcasing initiatives that successfully encouraged to control climate change.

# INTERCLASS COMPETITION IX-XII

## EXTEMPORE SPEECH COMPETITION (CLASSES IX TO XII)

Pragyan School hosted an Inter-Class Extempore Competition for students in Classes IX-XII on October 25, 2023. The primary goal of this competition was to instill confidence and improve the oratory skills of the students, enabling them to articulate their thoughts on any given topic without hesitation. The competition concluded successfully, with the judges offering words of encouragement and expressing their appreciation for the impressive efforts of the participants."

We congratulate following students for achieving positions:

IX-X	FIRST POSITION	Vallari Jha IXB
	SECOND POSITION	Ayan Agarwal IXA
XI-XII	FIRST POSITION	Kautik Sahay XII A
	SECOND POSITION	Rakshit Katiyar XI B

# ECOLOGY CLUB: GREEN WARRIORS

The students of the ecology club discussed the importance of 3 R's i.e Reduce, Reuse and Recycle. They spoke about the good practices following 3 R's. Students were also shown a video related to this. E waste collection drive was also discussed and motivated to participate actively in this.

# HEALTH AND WELLNESS CLUB: AAROGYAM

The Health and Wealth Club's decision to incorporate meditation and Zumba exercise on October 26th can be attributed to the numerous physical and mental health benefits associated with these activities. Combining meditation and Zumba on the same day allows club members to address both their physical and mental well-being. This holistic approach to health and wellness can lead to a better quality of life, improved overall health, and increased happiness, contributing to both health and wealth by reducing medical costs and enhancing one's ability to focus and work effectively.

# JOURNALISM CLUB:THE BROADCASTERS

Article Writing Session was conducted in the Journalism club period as on 26.10.2023, providing students with a platform to unleash their creative prowess and develop essential writing skills. This initiative aimed to foster a love for expression through written words, encouraging students to explore diverse topics and refine their articulation abilities. The variety of chosen topics ranged from societal issues and environmental concerns to personal reflections and creative narratives. The participants reported a noticeable improvement in their writing skills, citing a better understanding of structuring, clarity, and effective communication. The creative energy that permeated the club period left students feeling inspired and motivated to continue exploring their literary talents.

# INTERACT CLUB: HELPING HANDS:PROJECT UMMEED

The project aims to empower the women of underprivileged communities by teaching them some life skills like candle making , Art and craft and some basics of Computers to earn livelihood. The project started in collaboration with the Rotary Club, Green Greater Noida.

On Wednesday 25th October a candle making workshop was conducted by the Interactors under guidance of Ms Meena Bhatia for the women of Social and Development Research and Action Group ( SADRAG) in a village Nagla, Noida. The women were provided with all the raw materials and moulds required for the candle making by the President of the Rotary Club, Green Greater Noida.
