# ATL SESSIONS IX

Projects making in Atal Tinkering Labs is always one of the important component for the students. It enables them to co-relate technology and ideas. This week students were allotted with various projects and being encouraged to work upon them. Their queries were also solved related to the allotted projects.

# INTERCLASS COMPETITION: NATYA MANCHAN VI-VIII

Drama develops speaking and listening skills. It also helps students to develop vocabulary and encourages them to understand and express different points of view. Pragyan School organized an inter class competition "ITIHAS KI KAHANI, BACCHON KI ZUBANI (NATYA MANCHAN)" on Wednesday, 10th August 2022 in the school auditorium for the students of classes VI-VIII. Each section had to put up an act of around 7-8 minutes. The judgment was done on the basis of acting, costumes and dialogue delivery. Judgement was really tough due to the wonderful performances put up by the students. We congratulate the following classes for achieving positions. First position was secured by VIB AND VIIC, second place was secured by VIC and third place was secured by VIIIA.

# POETIC MONOLOGUE XII

**“All the world's a stage, and all the men and women merely players.”**

English poetry is full of memorable monologues when characters speak directly to the audience and tell them their inner feelings and desires. Such memorable moments were brought alive by the Pragyanians of class XII during the Monologue competition on the 10th August 2022. The participants spoke figurative language with great ease and impressed the audience. Some students also presented self-composed monologues which shows their prowess in poetry writing.

### Let's Talk About Eating Disorders

The way we talk about eating disorders matters. Here are some facts you can use to help shape the conversation around eating disorders.

**"Eating disorders are medical illnesses."**

Genetic and environmental factors can influence eating disorders. An eating disorder is not a trend or a choice.

**"Eating disorders are serious and can be fatal."**

Eating disorders often involve serious medical complications that can cause permanent damage or death. People with eating disorders also have an increased risk of dying by suicide.

**"Eating disorders can affect anyone."**

Eating disorders do not discriminate. They affect people of all ages, races and ethnicities, and genders.

**"You can't tell if someone has an eating disorder by looking at them."**

People with eating disorders can be underweight, normal weight, or overweight.

**"Family members can be a patient's best ally in treatment."**

Eating disorders are caused by a combination of genetic, biological, behavioral, psychological, and social factors. Family members do not cause eating disorders and can be great sources of support.

**"It is possible to recover from an eating disorder."**

Complete recovery is possible with treatment and time.
