WEEKLY CIRCULAR SENIOR

20th MAY 2023
(CIR/PS/87/2023-24)

ASSEMBLY IX-XII

This week students of class XA conducted the morning assembly. 'Sunita William' was the personality talk topic of the week. Students confidently shared the biography like introduction, educational life of Sunita William followed by a quiz on her life and achievements.

EDUCATIONAL OUTING: X

Students of Class X visited National Handicrafts and Handlooms Museum (NHHM) commonly known as National Crafts Museum in New Delhi that is one of the largest crafts museums in India. It is run by the Ministry of Textiles, Government of India. Students visited the collection in its galleries of Bhuta Sculpture Gallery, Tribal & Folk Art, Ritual Craft Gallery, Courtly Craft & Textiles Gallery. The Village Complex also has open walls along the corridors & passages which are used as the canvas to display the painted traditions of several tribes of folk artisans. Overall it was a very interesting and informative visit.

ATL BOOTCAMP VII-IX

One week ATL bootcamp for the selected students of grade VII-IX under the Guidance of Mentor Mr. Amanpreet is being conducted. Students got the opportunity to understand the various electrical components and their assembly for creating various projects.

The students did the following :

Day 1st Introduction of Resistor , capacitor, transistor and IC along with Types of IC Working of IC .

Day 2nd Introduction to Resistance (LDR, RR) IC reading and testing Activity -1st (Circuit Diagram and Reading)

Day 3rd Project -1 st (ambulance circuit with 555)
Circuit Making Project -2 nd (Traffic Light with 555)
Circuit Making

Day4: Introduction of various types of Logic Gates and D flip flops.

PRAGYAN PLUS INITIATIVE

Selected students of class XII visited IIT Delhi on 12th May to attend SemiCon India futureDesign workshop. Our students understood that semiconductors are playing a critical role in the world in more ways than they can think and there is potential for the growth of startups based on semiconductors. The program started with our Honorable Prime Minister explaining about the development of semiconductors in the country with the very aim of making India self reliant and building. Professor Rangan Banerjee (Director, IIT Delhi) in his speech on behalf of all academic partners mentioned that they will play their best role in enabling the ecosystem. Further we were informed about the opportunity for futureDesign Startup's in Automotive Computer sector by Mr Shibata (CEO, Renesas) and start-ups in space & defence sector by Dr Vivek Lal (Chief executive, GAGC). Our Honorable Minister of State for Electronics & IT Rajeev Chandrasekhar inspired us for taking the initiative in the Next-generation Semiconductor Design Startups. Attending the session our students realized that as students we are living in the most exciting phase filled with challenges and opportunities. It is our collective aim to establish India as self reliant and as one of the partners in global Semiconductor supply chain.

PRAGYAN PLUS INITIATIVE

Mega Education Fair 2023-A Gateway to the New Age Opportunities

A Mega Education Fair was organized by Pragyan School in association with Upschool for the students of class X to XII on Monday May 15, 2023. Many exhibitors from renowned Indian and abroad educational universities showcased their professional programmes and courses at this global fair. Delegates from several universities and their associate partners like BRDS India, SIUK-a trusted UK University partner, Shiv Nadar University, Woxsen University Hyderabad, Ashoka University- a multidisciplinary education to build leaders of tomorrow, Ecole 'Intuit' Delhi- undergraduate programmes for visual communication and digital designing, Game Art and Design with international collaboration with Abertay University Scotland, Krea University Andhra Pradesh, Anglo Eastern Maritime Academy, Rishihood University, IILM University etc. The education fair provided an excellent opportunity for students to gain insights about different colleges and institutes, the prospects of studying abroad, new streams and avenues, etc all in one place. During the intense interactions between the students and the representatives from various organizations, the students gathered information about their various programmes and admission processes.

PRAGYAN PLUS INITIATIVE

The representatives answered all admission-related queries, guided the young promising talent through the application process in detail and provided information about scholarships, loans, and other financial aid options. The education fair turned out to be a significant platform for knowing the various aspects of the latest trends and developments in the education industry.

WORKSHOP ON POCSO ACT-2012

As an integral part of the school initiative to reinforce awareness of child safety, an informative workshop on 'Protection of Children from Sexual Offences Act (POCSO) was organized on 14th April, 2023 for the teachers of Grade Nur-XII. The workshop was conducted by the school faculty Ms Sushma Garg, PGT English and Ms.Shilpi Saraswat, PGT Commerce who reiterated the importance of the role played by educators in the safety and security of children. The teachers were also made aware about various forms of sexual harassment that are often overlooked and the workshop also provided information to all the teachers on various preventive steps to be undertaken for identifying signs of abuse and the relevance of POCSO Act-2012.

Various laws and principals like- The Child Rights – Right to Survival, Protection, Development, and Participation, Juvenile Justice Act were also discussed. Overall, the workshop proved to be a step to ensure a safe and secure school where all children grow happily making the sweetest memories for life.

WORKSHOP ON POCSO ACT-2012

SCIENCE CLUB: THE INNOVATORS : NATIONAL TECHNOLOGY DAY

As part of celebration of national technology day which falls on 11 May 2023, Students of grade VI-XII did "ROCKET LAUNCHING" activity on 12th May 2023, where they tried to fly the model rockets made of bottles. The objective of launching rocket activity was to make them understand the basics of forces and the response of a vehicle to external forces. Like an airplane, a model rocket is subjected to the forces of weight, thrust, and aerodynamics during its flight. Students participated with full enthusiasm. There were 21 rockets prepared by the students in both the format solo and group. Raashima of class XII won the competition.

ECO CLUB INITIATIVE

To spread awareness about medicinal value of plants and recycling among parents, Eco club students organised a display in the school campus during PTM on 13th May 2023. They explained the importance of tulsi, aloe vera, snake plant, jade plant and recycling of biodegradable and non biodegradable waste. They provided saplings and compost (generated in the school) to the parents at minimal cost and collected newspaper and e waste (brought by the parent) for recycling.

INTERACT CLUB & ECOLOGY CLUB INITIATIVE

Interact Club in collaboration with the Eco Club organized an electronic waste and newspaper collection drive on Saturday 13th May 2023, in Assotech SpringField, Sector Zeta-1. The collection drive aims to promote environmental sustainability and educate the community about the proper disposal of e-waste.

ECOLOGY CLUB TIP

Hot Weather Tips

GIVE ANIMALS PLENTY OF WATER TO DRINK

TAKE THE FOLLOWING PRECAUTIONS

- Listen to Radio; watch TV; read Newspaper for local weather news.
- Drink sufficient water - even if not thirsty.
- Use ORS (Oral Rehydration Solution), homemade drinks like lassi, torani (rice water) lemon water, buttermilk, etc. to keep yourself hydrated.
- Wear lightweight, light-coloured, loose, cotton clothes.
- Cover your head: Use a cloth, hat or umbrella.
- Keep animals in shade and give them plenty of water to drink.
- Do not leave children or pets in parked vehicles - as they may get affected by Heat Wave.
